## **Maine Coast Kitchen Design of Portland Receives *Best of Houzz 2014* Award**

*Annual survey and analysis of 16 million monthly users reveals top-rated building, remodeling and design professionals*

**PORTLAND, Maine—February 4, 2014**—Maine Coast Kitchen Design of Portland has been awarded “Best of Houzz” by Houzz, a leading platform for home remodeling and design. The full-service kitchen design studio was chosen by the more than 16 million monthly users that comprise the growing online community.

The Best of Houzz award is given in two categories: Customer Satisfaction and Design. Customer Satisfaction honors are determined by a variety of factors, including the quantity and caliber of client reviews received in 2013.

“Houzz provides homeowners with the most comprehensive view of home building, remodeling and design professionals, empowering them to find and hire the right professional to execute their vision,” said Liza Hausman, vice president of community for Houzz. “We’re delighted to recognize Maine Coast Kitchen Design among our “Best Of” professionals for customer satisfaction as judged by our community of homeowners and design enthusiasts who are actively remodeling and decorating their homes.”

Design award winners’ work was the most popular among the more than 16 million monthly Houzz users, known as “Houzzers,” who saved more than 230 million professional images of home interiors and exteriors to their personal ideabooks via the website, iPad/iPhone app and Android app.

“Over the past year, Houzz has provided a new and fun way for us to exchange ideas with clients, particularly those in the early planning stages,” said Tina Richardson, owner of Maine Coast Kitchen Design. “So we’re always touched when those same customers not only choose to work with us, but also come back to Houzz afterward to give a glowing review.”

With Houzz, homeowners can identify not only the top-rated professionals like Maine Coast Kitchen Design, but also those whose work matches their own aspirations for their home. Homeowners can also evaluate professionals by contacting them directly through the platform, asking questions about their work, and reviewing their responses to questions from other Houzzers.
